GOLF EUROPE

City Budget

City Fun Park is ideal if you are planning a Mini Golf facility for all the family. This is our most popular course as it includes a selection of our Crazy Obstacles.

The Fun Park courses has a slightly different design to traditional mini golf courses, without compromising on that special playing experience that characterises City Golf courses. That's why we offer a 5-year guarantee on frames and a 2-year guarantee on the construction and other materials.

To make the courses even more appealing, we have included some of our popular Crazy Obstacles as standard features. This makes the courses particularly attractive to families and young people.

City Golf Fun Park is delivered in prefabricated sections that are easy to assemble to a ready-to-use system. Two people can easily carry and handle the sections. Because of their light weight, it is easy to make adjustments later on and there is no need for costly ground work.

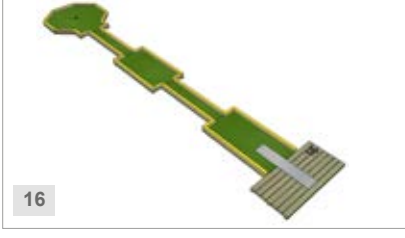

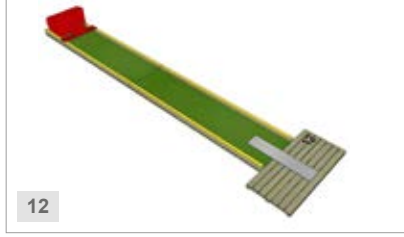

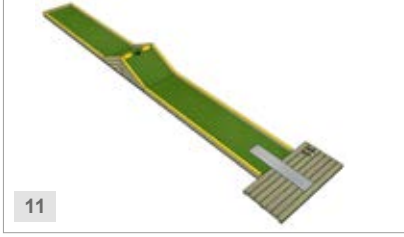

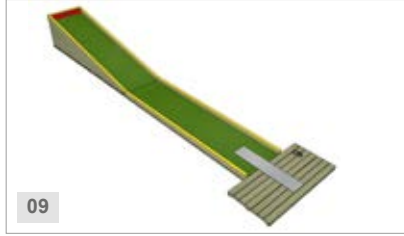

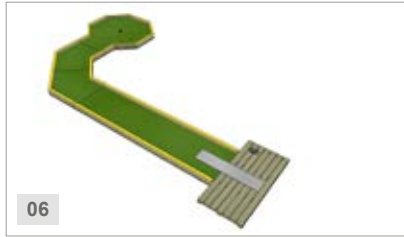

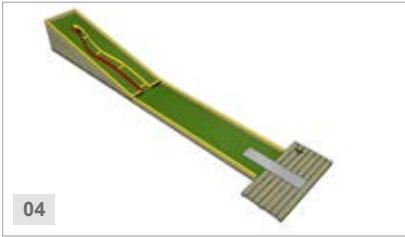

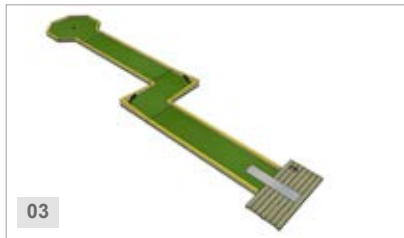

The City Fun Park system comes as a complete package including everything you need to start a profitable activity.

Order your courses and get them delivered from our factory in Örnsköldsvik, Sweden, within 2-4 weeks or according to agreement. The customer is responsible for unloading the goods.

All prices quoted are exclusive of VAT. The payment terms are 30% at time of order and 70% on delivery.
